PRICES TENDED DOWNWARD

Operators Were Anxious to Realize on Their Holdings.

SUGAR DID HALF THE BUSINESS

Grangers Dropped Several Points on Account of Reported Opposition to the Railroad Pooling Bill-Coalers and Cordage Also Recorded a Decline-Closed Heavy.

NEW YORK, Don. 8.-The feature of the speculation on the stock exchange to-day was the heavy realizing movement, operator showing an anxiety to secure some of the profits of the recent advance. Consequently the trend of prices was downward, there being, however, occusional rallies due to the closing out of abort contracts by traders who preferred to be out of the market over Sunday. More than one-half of the day's business was done in augar, the final sale being 55

above the lowest point touched. The abandonment by the directors of the company of the project to issue a statement to stockholders was the subject of much this on the street to-day, which was not at all compilmentary to the members of the trust, but as the throatened danger of a revision of the sugar schedule of the tariff bill seems to have bug arrested there is no immediate necessity on their part to show their hands. The grangers, coalers, and cardage all re-ported declines. Market closed heavy.
